BOURBON COLLEGE GROUNDS AND BUILDINGS ARE SOLD

Bourbon College grounds and buildings were sold Tuesday, by the owner and principal, Mrs. M. G. Thomson, to Mr. Clifton Arnsparger, at a price said to have been about \$15,000, though the exact figure was not made public. The property has been used for a school since 1870, when the Sisters of Visitation organized St. Joseph's Academy. They conducted the institute for about fifteen years, when it was purchased by Mrs. Mary Ware Berry, who conducted a school for girls. Prof. M. G. Thomson bought the place fourteen years ago from Mr. W. H. McMillan, and continued it as a OFFICERS FOR ROYAL school for girls and young women. About two months ago Mrs. Thomson, who has had charge of the school since the death of Prof. Thomson last July, decided to accept the principalship of Hamilton College, in Lexington, and since that time the property has been on the market.

It was hoped that some one would buy it for educational purposes and continue the school on the same high plane that it has occupied for so many years, but no offer being made to this claivoyancy, per day...... 50 00 end, Mrs. Thomson made the above-

DESIRABLE RESIDENCE ADDI-TION TO BE THROWN OPEN

Attorney Clifton Arnsparger, who recently acquired the Bourbon College property on Cypress street, will subdivide the grounds into building lots, and will hold a lot sale within the next thirty days.

This should prove to be one of the Joe Glenn most desirable additions yet thrown open to the public in Paris. The Geo. Leach grounds are in an ideal location, close to the business district, and no doubt will be eagerly sought after by prospective home owners.

HEDGES! HEDGES! HEDGES!

I announce to the people of Paris and others interested, that I will furnish the stocks and plant Evergreen Hedges for them of the same class as those now to be seen surrounding the residence of N. A. Moore, Ed. Tucker and others in Paris for 121/2 cents per

lineal foot. At 17½ cents per foot I will plant them, using for this purpose the Ibota Privet, which is never affected by the hardest freezes. It retains its deep green, shining foliage the year round.

At the same price per foot will furnish and plant the American Arbor Vitae, which makes the finest of all Hedges, but is not of such rapid growth as the Privet Plant. I will, however, furnish the Arbor Vitae, 21/2 feet high when complete, for 25 cents per foot. And at this rate (25 cents per foot) will furnish the Barberry, Japan Quince and Althea, all flowering shrubs, for the hedges.

I will also furnish and have planted all the popular varieties of Roses, 2 year stocks, at prices ranging from 35 to 50 cents each. Also Tree Roses any colors desired. Tree Li-lacs, Tree Altheas, Tree Hydranagea and Tree Snow Balls, at prices ranging from 75 cts. to \$1.25 each, the latter for Tree Roses.

Will also furnish and plant reasonable prices all kinds of flowering shrubs, ornamental vines and shade trees. All the trees and other stocks used by me, I buy from Nurseries in New York and other Northern Nurseries, where the season is fully two to three weeks later than in Kentucky, and for this reason they can be safely planted any time from this date until the 15th of May. I guarantee everything furnished and planted by me to grow, provided always, it is properly cared for.
